CONDITION OF THE MARKETS

Moderate Business in Wheat, with Advances in December and May Options.

Fair Trading in Corn at a Lower Range of Prices-Oats Dull but Higher-Provisions in Moderate Demand and Fairly Steady.

MONEY, BONDS AND STOCKS.

A Dull and Weak Market in New York-Only One Stok Showing Activity. NEW YORK, Oct. 27 .- Money on call, no loans were repopted; the market closed with money offered at 2 per cent.

Prime mercantile paper, 42 @6 per cent. Sterling exchange was dull but steady, at \$4.832 for 60-day bills and \$4.872 for de-

sales of stocks to-day were 94.743 shares, including the follow-Canada Southern, 1,650; Shore, 4,656; Missouri Pacific, 1,350; Northwestern, 3,750; New York Central, 2,120; Reading, 40,000; Richmond & West Point, 7,610; St. Paul, 1,900; Union Pacific, 6,170; Western Union, 1,700.

With the exception of only one stock the stock market was extremely dull toand weak almost throughout, the "bears" and traders hammering the list from opening to close, which was weak at the lowest prices. There was a conservatively bullish feeling at the opening, which was made generally at advances over last evening's final figures of from i to i per cent., though there were some exceptions. Small fractional gains were established in the first few minutes of business, but the "bears" son got to work, selected Reading as a special point of attack, and it quickly became the leader of the list, both in point of animation and weakness. The rest of the list followed slowly until toward the close, when all opposition to the pressure seemed to be abandoned, and more decided weakness became apparent all over the list. The East Tennessee stocks were the weakest features outside of Reading, but there was one strong spot in the market, which was South Carolina. It advanced harket, which was South Carolina. It advanced it per cent. though the stock afterward lost per cent. The dealings in Reading nearly doubled after 11 o'clock, and the decline assumed larger proportions and ceased only with the close of business. No other featmarked the trading. The actlist is almost invariably lower this evening, and while South Carolina advanced 1 per cent, East Tennessee second preferred lost 13; Reading, 14, and others fractional

The railroad bond market was again dull, with the usual lack of features, the only marked movement in the list being the sharp slump in the St. Louis, Arkansas & Texas bonds, probably upon the announcement that Mr. Gould had finished buying for control. The changes in the rest of the issues dealt in were generally for insignificant fractions, except in a few inactive bonds, which have not been quited for some time. St. Louis, Arkansas & Texas firsts lost 6, at 91. The sales of bonds for the week aggregated \$5,854,000 only, against \$7,412,000 for last week.

Government bonds were dull and steady. State bonds were neglected. Closing quota-

CHICAGO, Oct. 27. - In wheat a moderate business was reported. There was nothing new in the general situation, and the market was a local one, outside influences apparently having little effect. The opening was somewhat unsettled, with sales to below and tole above yesterday's closing figures; then advanced, with some fluctuations, 1@2c above early inside figures, with May taking the lead, and at times ruling Is over December. The closing was about life higher for December, and 120 higher for May than yesterday. Corn was traded in moder-ately at a lower range of prices, the feeling prevailing being one of uneasi-Opening sales were about to under the closing prices of yesterday, when offerings became quite heavy and the market gradually declined to, reacted to, ruled easy, and closed to to lower than yesterday. Oats were neglected, aside from a small business in May; prices were about the same as yester-day, with no fluctuations. Mess pork attracted a little attention early in the day, and January de-livery was advanced 15@30c. Later the market ruled quiet, and prices declined 21@5c. Lard was only moderately active, and the feeling somewhat unsettled. Early the market was stronger, .02½c higher, but soon settled back, and ruled quiet to the close. In short-rib sides trading was moderate, with the bulk of the purchases by a prominent local operator. Prices ruled .02½ ©.05c higher, and closed rather steady. INDIANAPOLIS MARKETS.

The Trade of the Week Hardly Up to the Average of Preceding Ones.

INDIANAPOLIS, Oct. 27.

In no branch of trade has the volume of business in the past week reached expectations. There has been a dragging tendency which is explained by the interest taken in politics and the unfavorable weather which prevailed on three days of the week. Fluctuations in values have been few, and in most cases upward in their tendency. In groceries, coffees are & cent higher than a week ago, and canned goods have taken on a firmer tone with reported scarcity of certain descriptions. Sugars have been somewhat unsettled for three days past, and although no changes were made in this market, they went off & cent in the East, but to-day were reported taking on a firmer tone. Druggists are having a good trade. Several articles are advancing in their tendency, turpentine and oils being of the number. The flour market is unsettled. The article is by no means as firm as two weeks ago, although there is a good demand for certain grades. The wool market rules quiet. In the produce markets trade is fairly active. Receipts of apples are liberal. Choice, fancy eating apples can be bought at \$1.75 per barrel. To bring \$2 they would needs be extraordinarily fine fruit. Very fair apples were selling on track to-day at 25 cents per bushel. Beans are firm at the recent advance; early frosts nipped the crop badly, it is stated. Receipts of cranberries are liberal; prices firm.
The stock of grapes is rapidly disappearing;
there are but few Delawares on the market. Peaches and pears, as well, are about through for this year; there are still some Duchess pears offered at \$5 per barrel. Potatoes are in abundaut supply, and are selling from car at 35 to 40 cents per bushel; choice Northern stock will bring 45 cents per bushel. Onions are in large supply and selling at low prices. The market is overstocked with quinces, and prices are breaking. The poultry market is weaker in tone, and lower prices are intimated. Eggs and choice butter are in good demand at the best quotations. Receipts of game are still limited and prices rule strong. Other markets present no GRAIN.

There was a fair attendance on 'Change to-day. and the bidding was more spirited than on Friday, still buyers bid with caution on futures. The Indianapolis Market Report says of the
